LAPTOP SIT/STAND PLATFORM

The Fox Bay Sit/Stand Laptop Platform is ideal for any application where the user sits, stands or moves about. It's the perfect platform for mobile data and record entry. It is excellent for presentations and is available in numerous configurations including a mobile LCD projector stand. This highly adaptable unit is offered with many options including a convenient storage drawer package, drawer dividers, cable lock, locking casters and a 3" extension tube for taller individuals. The unit is available in two standard sizes.

Product Number: LWS-24
Product Number: LWS-27

24" LAPTOP WORKSTATION
27" LAPTOP WORKSTATION

List Price: \$280
List Price: \$320

Height Adjustment:

In increments of 13/16" per setting, with a total of 15 settings.

Easy Height Adjustment:

Place your foot on the base and simply lift the tray to the desired height. The tray will firmly and securely click into place. To lower tray, simply lift the tray to the maximum extension. It will release the safety catch allowing the tray to glide gently to the bottom of the cycle. Gently push down on the tray to reset the safety catch and it is ready to re-adjust to the desired height.

	LWS-24	LWS-27
Maximum Height:	42 1/2"	42 1/2"
Minimum Height:	30 1/2"	30 1/2"
Platform Size:	14" x 24"	16" x 27"
Laptop Area:	14" x 14 1/2"	16" x 13 1/2"
Writing Area:	14" x 9 1/2"	16" x 13 1/2"
Base:	26"	26"

Laptop areas on both units have heavy duty anti-slip foam surface. Both units are equipped with a stable 26" "five star" caster base. Due to size, LWS-24 is only available with a single drawer option.
