## MONITOR ARMS

This unbelievably flexible LCD display and keyboard system is the perfect solution for limited space applications. Horizontal as well as vertical pivot points allow for a wide range of configurations. All arms feature gas cylinder mechanisms with fingertip adjustability. Cord management features keep computer cables in check. Because of varying applications, some assembly is required. All units come with a limited five-year warranty.

- ◆ VESA mounting plates fit most LCD monitors\*
- ◆ Special sealed gas cylinder mechanism for seemingly weightless movement
- ◆ Weight capacity: 8 to 22 pounds
- ◆ Cord management
- ◆ Custom arm configurations available
- ◆ Custom colors available
- ◆ Limited 5 year warranty
- ◆ (2 year warranty on gas cylinders)
